

# Visitors

Who is visiting us this month

Lefteri Kirousis is still working with us at LSI department. He will stay around us until June.

Lefteri Kirousis

Professor Kirousis works at Patras University (Greece). He is being invited by professor Josep Díaz, ALBCOM Research Group. He will arrive on February 1st and will remain with us until June 30th.

More information about him at: <http://lca.ceid.upatras.gr/~kirousis/>

Katie Atkinson will arrive to LSI the 26th of March and she will spend three days with us.

Katie Atkinson

Professor at the Agent ART group (Agent Applications, Research and Technology) at the Department of Computer Science at the University of Liverpool, UK. Her research is centred on computational models of argumentation. She is being invited by professor Francisco Tolchinsky at the LSI department at the UPC.

More information about her at: <http://www.csc.liv.ac.uk/~katie/>

We encourage you to send us some information about the professors who are visiting your groups!.
